Courses Offered for the Academic Year 2025-26

B.Tech.

Civil Engineering	**60 seats**
Computer Science and Business Systems	**60 seats**
Computer Science and Engineering	**660 seats**
Computer Science and Engineering (AI & ML)	**240 seats**
Computer Science and Engineering (Data Science)	**240 seats**
Computer Science and Engineering (Cyber Security)	**180 seats**
Electronics and Communication Engineering	**120 seats**
Electronics Engineering (VLSI Design & Technology)	**60 seats**
Electrical and Electronics Engineering	**60 seats**
Electronics and Instrumentation Engineering	**60 seats**
Information Technology	**120 seats**
Mechanical Engineering	**60 seats**

B.Tech. with Minor Degree

Minor Degree in Artificial Intelligence and Machine Learning (AI&ML), Cyber Security (CS), Data Science (DS) and Internet of Things (IoT)

CVR College of Engineering offers B.Tech. courses in Civil, CSBS, CSE, CSE (Artificial Intelligence and Machine Learning), CSE (Cyber Security), CSE (Data Science), ECE, EEE, EE (VLSI), EIE, IT and Mechanical Engineering. One of the recommendations of the National Education Policy 2020 of the Government of India is to offer interdisciplinary courses at all levels of study for comprehensive and far reaching proficiency of students. The AICTE recommends that a student be provided genuine choice in Minor subject.

At CVRCE, all B.Tech. students are provided options to take-up Minor programme in Artificial Intelligence & Machine Learning, Cyber Security, Data Science and Internet of Things from third year.

Such flexibility enhances opportunities of graduates in employment in multidisciplinary areas such as Robotics for ME and 3D printing for CE students, to mention a few.

Students with Major CSE (Artificial Intelligence & Machine Learning), CSE (Cyber Security), CSE (Data Science) are eligible to take-up Minor programmes other than their own to gain knowledge in other advanced subjects along with their own, example being Students of B.Tech. Major in CSE (AI&ML) are eligible for Minor in Cyber Security or Data Science or IoT.

Students need to obtain 160 credits for B.Tech. in Major programme and 18 Credits to qualify for Minor degree.

Students of current Generation, opportunities are aplenty, it is for you to grab them at the right time and be equipped with skills and competencies to qualify for ever changing needs of the industry across the globe.

Civil Engineering with Minor in AIML
Civil Engineering with Minor in Cyber Security
Civil Engineering with Minor in Data Science
Civil Engineering with Minor in IoT
Electrical and Electronics Engineering with Minor in AIML
Electrical and Electronics Engineering with Minor in Cyber Security
Electrical and Electronics Engineering with Minor in Data Science
Electrical and Electronics Engineering with Minor in IoT
Electronics and Communication Engineering with Minor in AIML
Electronics and Communication Engineering with Minor in Cyber Security
Electronics and Communication Engineering with Minor in Data Science
Electronics and Communication Engineering with Minor in IoT
Electronics Engineering (VLSI Design & Technology) with Minor in AIML
Electronics Engineering (VLSI Design & Technology) with Minor in Cyber Security
Electronics Engineering (VLSI Design & Technology) with Minor in Data Science
Electronics Engineering (VLSI Design & Technology) with Minor in IoT
Electronics and Instrumentation Engineering with Minor in AIML
Electronics and Instrumentation Engineering with Minor in Cyber Security
Electronics and Instrumentation Engineering with Minor in Data Science

Electronics and Instrumentation Engineering with Minor in IoT
Mechanical Engineering with Minor in AIML
Mechanical Engineering with Minor in Cyber Security
Mechanical Engineering with Minor in Data Science
Mechanical Engineering with Minor in IoT

M.Tech.

Artificial Intelligence	**18 seats**
Data Sciences	**18 seats**
Electrical Power Engineering	**18 seats**
Embedded Systems	**18 seats**
Structural Engineering	**18 seats**
VLSI Design	**18 seats**

Ph.D. Candidates in Research Centres of CSE and ECE *

CSE
ECE

* Affiliating University selects the Research Scholars and allots to college to admit the candidates.
